SUMMARY

Aspiring Full-Stack Developer skilled in React, JavaScript, Python and REST APIs. Completed an IT Vocational Training Programme at SNTI – Tata Steel, developing a GenAI-powered medical chatbot. Passionate about building responsive, user-focused web applications.

WORK EXPERIENCE

IT Vocational Trainee — SNTI – Tata Steel

Jan 2026 – Feb 2026

- Developed a GenAI-powered medical chatbot as part of an IT vocational training project.
- Built a responsive web interface using HTML, CSS, JavaScript and Python for a domain-specific healthcare assistant.
- Tested and refined chatbot responses to improve accuracy and usability under the guidance of an assigned mentor.

PROJECTS

Medical Assistant

[Live Demo](#)

Built a GenAI-powered medical chatbot using HTML, CSS, JavaScript and Python with domain-specific AI responses.

Maison Lune

[Live Demo](#)

Developed a responsive luxury fashion e-commerce frontend using React, Vite and Tailwind CSS with reusable UI components, modern layouts and mobile-first design principles.

Employee Management System

[Live Demo](#)

Built a CRUD-based employee management application using React with reusable components, state management and responsive user interfaces for efficient employee record management.

Gameverse

[Live Demo](#)

Developed an immersive gaming landing page using React, Tailwind CSS and GSAP. Implemented advanced scroll-triggered animations, reusable components, responsive layouts and interactive user experiences inspired by modern web design.

EDUCATION
